STATE CAPITOL NEWS

By MELVIN LORD
(United Press Staff Correspondent)

SACRAMENTO, Sept. 5, —(UP)— California's new hard liquor tax got off to a flying start.

During the period between July 1 and August 24, tax stamps totaling $1,605 were purchased by liquor dealers to be put on bottles, according to a report of the state board of equalization.

Board members did not anticipate that this rate of income would be maintained, however, inasmuch as many of the stamps still are on hand and will apply to future liquor sales.

The stamps purchased during the period were sufficient for 16,855,000 bottles of various kinds of firewater.

Failure of congress to pass the third deficiency bill means that California will have to carry the entire burden of the liberalized old age pension act.

At the time the bill was passed by the legislature, it was understood federal relief would be available under the national security act to the extent of approximately $3,000,000 a biennium.

Controller Ray L. Riley has estimated that instead of $13,885,000, it will be necessary for the state to spend at least $16,885,000 during the current two year period.

Because of this very situation, Assemblyman Henry P. Meehan of Oakland plans to continue his fight for a legalized lottery, income from which could be used to finance major social security legislation such as the pension act and unemployment insurance.

The lottery plan was proposed at the last legislature, but made comparatively little progress. Meehan insists it still is one way out of the difficult financial situation facing the state.

Once again the board of equalization found it necessary to warn city and county governments that every legal step will be taken to prevent the counties exceeding the 5 per cent limitation placed on increased expenditures.

Board members suggested that taxpayers throughout the state should watch their local governmental budgets and call any excessive increases to the attention of officials.

What appeared to be a bumper crop of wine grapes for California this year has been endangered as a result of unfavorable weather, according to federal state crop reports. Too hot weather and excessive moisture has taken a toll that some grape men estimate as high as 15 per cent.

In answer to a query from state liquor officials, Attorney General U. S. Webb has ruled that its entirely proper to send liquor by telegraph, and that the telegraph companies cannot be termed liquor dealers in such cases, but only as agents acting for the actual purchaser.

Members of Sportsmens' Assn. Attend Cisco Meet

A. C. Pfaendler, president of the Truckee River Sportsmens' Assn. and Dave Cabona were in attendance at the meeting of the Cisco Sport Club last week.

Mr. Pfaendler and Mr. Cabona spoke to the members of the club on the work that the Truckee club was sponsoring and asked assistance in this work. The Cisco club were enthusiastic about the work the Truckee club had done in the past and were doing this year and offered financial assistance and the members offered their services in any work the club might have outlined.

Mrs. Stewart Honored With Birthday Party

Mrs. Hannah Stewart, worthy matron of Truckee Chapter, O. E. S. was tendered a surprise birthday party by the members of the chapter following their regular meeting on Tuesday evening.

White elephant packages, games and refreshments were the diversions of the evening.

The members presented Mrs. Stewart with an attractive gift.

NEW TAX RATE SET BY SUPERVISORS

Lowest Rate in Seventy Years When Rate of $1.40 For General Fund Rate Is Made.

The Board of Supervisors at their meeting held last Thursday set the tax rate for the fiscal year 1935-36. The tax payers of the county will pay the lowest tax rate in seventy years.

The general fund rate is $1.40 per $100 valuation as against $2.20 of last year.

The details of the assessment rate for this year and last are as follows:

General 94c — $1.27.
Salary 32c — 72c.
Junior College 3c — 6c.
Veterans Memorial Building G. V. 8c — 10c.
Truckee Veterans Building 3c — 5c.

In addition to the foregoing taxes which are paid to taxpayers throughout the county there are levied special taxes for school districts and the Truckee Fire District.

These rates of interest in this end of the county are:
Truckee interest and sinking 20c; Meadow Lake High School maintenance 40c; Truckee school maintenance 10c; Truckee Fire District 50c.

It was necessary this year to levy a tax of 20c for interest and sinking fund of the Truckee Grammar school due to the bonds voted for the construction of the new grammar school building.

The Truckee school district will have a saving of 10c per hundred on maintaining their school district and the Meadow Lake Union High School has a substantial reduction of 21c pr hundred in their maintenance fund.

High School To Have Manuel Training Dept.

The trustees of the Meadow Lake Union High School are advertising for bids for concreting the basement floor and constructing additional window space in the basement of the high school building.

It is planned to convert the present furnace room into a manuel training room. An oil burner will be installed for heating the building thus eliminating the space necessary for the storage of wood and coal and providing quarters for the manuel training department.

SEEK RECRUITS FOR U. S. ARMY

"Calling attention to the opportunities offered to young men enlisting in the U. S. Army, the recruiting service announces that Captain D. P. Norman, 30th Infantry, will be in Truckee on Tuesday, September 10, to interview and receive applicants for the 30th U. S. Infantry, stationed at the Presido of San Francisco, California.

Any male citizen of the United States, or person who has legally declared his intention of becoming a citizen, between the ages of 18 and 35, able-bodied, free from disease, of good character, temperate habits and who meets the required mental tests, may be accepted for enlistment. Applicants are required to furnish evidence of good moral character, that they are single and without dependents.

Free transportation will be furnished from Truckee to San Francisco to qualified applicants accepted.

The enlistment period is for three years and the pay ranges from $21 to $157.50 per month, depending upon the grade and length of service. Captain Norman will be at the Postoffice in Truckee on next Tuesday. to interview applicants for enlistment."

H. O Anderson Awarded High School Contract

H. O. Anderson, local contractor, has been awarded the contract for roofing the Meadow Lake Union High School. Mr. Anderson has the work well underway.

Sacramento Man Receives Serious Injuries

John Wray, of Sacramento, a reporter on the Sacramento Union died at the Hobart Hospital Thursday morning as the result of an automobile accident near Norden on Tuesday morning.

Wray and his wife were returning from Reno where they had just been married and were in the rear seat of the touring car driven by Gordon M. Porter, also a reporter on the Union. It is alleged that Porter did not stop when flagged by a highway employee, near where the highway is under repairs, and crashed into a truck driven by H. L. Vallette of Sacramento and badly demolishing the car and injuring Wray and his wife who were in the rear of the car. Miss Gladys Murphy who was riding in the front with Porter was also severely injured.

The injured people were brought to the office of Dr. Bernard for medical attention. Wray was found to have sustained several broken ribs, a broken arm and a punctured lung. His condition was considered serious. The other occupants of the car received cuts and bruises.

The accident was investigated by Traffic Officer C. E. McKeen and Porter was cited for reckless driving.

HIGHWAY WORK GIVES EMPLOYMENT

Eleven residents of the county were started at work on the highway this week on the $35,000 highway contract of Harms Brothers of Sacramento who are installing culverts and drainage pipes between Soda Springs and Summit.

These men were placed from the rolls of the Federal Reemployment Service whose office is in Grass Valley.

A new ruling has been made by Jerry Delaney, manager of the NRS that all men in the county must go to the office in Grass Valley to register if they desire work under the NRS. This new ruling works a hardship on the men seeking employment in town as they are not in a position to finance a trip to Grass Valley in order to seek work.

In the past men have registered here in town and when work was available in this vicinity these men were given the preference and the arrangement worked out satisfactorily for all concerned. It is hoped this arrangement can be continued and the men will be able to get employment when it is available in the vicinity.

GENE BARTON TO PREP SCHOOL

Gene Barton, son of Mrs. A. B. Polyanich was one of the three men picked from Battery C, 60th Anti-Aircraft to attend the West Point Prep School at Manila.

Gene enlisted two years ago and has been stationed at Fort Mills, Phillipine Islands. He is now at Ft. Wm. McKinley, Manila where he entered the prep school on July 22nd and will study at this school until January 22nd. He will then take the examinations for entrance to West Point Military Academy and if he is successful in passing the exams will then go to West Point.

Gene is a graduate of the Meadow Lake Union High School and has many friends in this community who will wish him success.

PTA MEETING ON FRIDAY NIGHT

The first meeting of the PTA for the fall season will be held on Friday night, September 6th at 7:30 p. m. at the Methodist Church.

Mrs. Carl Weeks, president of the PTA urges that all members and prospective members attend this meeting as an outline of the years activities will be planned.

90,000 Fish Planted In Donner Lake

A truck load of fish, 90,000 in number was shipped from the Mt. Shasta hatchery to Donner Lake last week for planting.

The fish were carried in a tank which is kept at an even low temperature by the use of ice.

MOVIE COMPANIES TO BE CONTACTED

A joint dinner meeting of the Truckee Lions Club and the Truckee Chamber of Cammerce will be held at the California Cafe next Wednesday night at 7 p. m.

The purpose of the meeting will be to formulate a separate organization to promote location sites and actively cooperate with the motion picture companies.

This region is unexcelled for motion picture productions and it is the hope of the Lions Club and the Chamber of Commerce to bring to the business men of this community the vital need of such an organization. It is stated that officials of the company now on location at Lake Tahoe will attend.

GRAMMAR SCHOOL OPENED TUESDAY

The Truckee Grammar School opened for the fall term on Tuesday morning in the Methodist Church on Church Street, which has been secured by the school trustees as temporary quarters until the new grammar school building is built.

There is an enrollment of eighty-one pupils with 34 in the primary grades, 35 in the intermediate and 12 in the upper grades. The enrollment is under that of last year when 93 pupils started the school year.

Mrs. Ida M. Rablin Passes Away In Auburn

Mrs. Ira M. Rablin passed away at a hospital in Auburn on Friday, August 30 after an illness of a month.

Mrs. Rablin was a native of Sierra County and was 38 years of age. She resided in Truckee for several years before moving to Roseville where she made her home.

She leaves her husband, Vivian Rablin who has been in the Southern Pacific hospital in Tucson, Ariz. for sometime and five children, a sister Mrs. Thos. Mayer and her father, William Summers.

Funeral services were held in the Memory Chapel of Welch & McKenzie in Roseville on Sunday and burial was made in the Odd Fellows Cemetery in Truckee on Sunday afternoon.

DOVE SEASON OPENS SEPT. 21

SAN FRANCISCO, Sept. 5—The dove season in California will open on September 21 and the shooting hours will be from 7 a. m. to sunset of each day, according to word just received by Herbert C. Davis, executive officer of the Division of Fish and Game, from the United States Biological Survey who amended their Federal regulations previously issued.

The Division of Fish and Game is not satisfied with this compromise and will continue to protest the unfair and illogical regulations promulgated by the U. S. Biological Survey.

Herbert C. Davis, executive officer, in line with his policy of strict enforcement of the fish and game laws has this to say regarding the enforcement of the regulations:

"Unless some additional change is obtained in these regulations, both the Federal and State law will be enforced. The actual law under which dove hunters must operate is a combination of the Federal and State regulations and will be as follows:

"Dove hunting will open in California on September 21. The shooting hours will be 7 a. m. to sunset of each day. The season in all districts of the State except 4, 4½ and 4-3-4, will close September 30. The season in Districts 4, 4½ and 4-3-4 will close on October 31. The bag limit will be 15 per day and 30 per week, and not more than one daily bag limit of 15 doves may be possessed by any person during any one day.

"State officers will enforce these regulations."

OIL TANK TRUCK EXPLODES ON SUMMIT

A Beacon oil tank truck loaded with gasoline driven by G. F. Turner of Sierraville caught fire and exploded on the Donner Grade on Wednesday afternoon about 2 o' clock.

In the rear of the tank car there were two drums of gasoline and it is believed these drums leaked and the brakes became overheated and the fire resulted. When the explosion occurred the gasoline drums were blown 300 feet setting fire to the land near the highway. H. I. Snider with a crew of forest rangers assisted by highway employees were called and worked for sometime before the fires were brought under control.

The explosion occurred in the cut about 1000 feet east of the Donner Memorial Bridge. The truck was reduced to a mass of molten wreckage.

Edward Ray, an engine tender for the Southern Pacific at Emigrant Gap was severely burned on the head, arms and back as he in company with two other men stopped to watch the fire from above the highway. When the explosion occurred it knocked the three men to the ground burning Ray. He was brought to the office of Dr. Bernard for medical attention.

The fire delayed traffic for several hours and there was a large crowd who witnessed the fire.

M-G-M To Film Rose-Marie at Lake Tahoe

The Metro - Mayer - Goldwyn Co. have selected Lake Tahoe for the filming of the operetta Rose Marie which will have Nelson Eddie and Jeanette McDonald as the stars.

The location where the principle scenes will be filmed are at Carnelian Bay on the property of Dan Smith. A large crew of men are now busy constructing the motion picture sets which call for the erection of an entire village. It is expected that the filming of the picture will start next week.

Snow Removal Above Normal Last Winter

A mid-summer view of the winter storms of 1934-35 adds emphasis to the record snowfalls of January and its companion months of cold.

The state department of public works in a review of the work of its maintenance crews along the eastern mountain ranges of the state said the 4,500 miles of road were cleared of snow last winter compared to a normal record of 3,300 miles.

King Winter paid unexpected visits to many parts of the state to complicate the work of the men charged with keeping the mountain roads of California open for travel in winter months.

CCC CAMPS TO BE INCREASED

Plans for nearly doubling the size of the Sacramento district of Civilian Conservation Corps were announced today by Major T. E. Haley, the district commander.

The number of camps for the winter period, effective October 1st will be increased from twenty three to forty one and the number of enrolles will be increased from 4,019 to approximately 8,200.

The new enrolles will come from the Northwestern and mid-Western states where climatic conditions prevent the maintenance of companies during the winter months.

To take care of the influx the government has ordered the construction of five new camps in the district. Included among the camps is one for the Tahoe National Forest and Truckee River.

Tourist Garage Makes Delivery of New Fords

The Tourist Garage have recently made delivery of a Ford truck to the Rotary Oil Co., a Ford Pickup to Carl Bechdolt and a Ford Coupe to Victor Olsen of Hobart Mills.

The Tourist Garage have had a most successful year in the sale of Ford cars far exceeding all records of previous years.

NEW BOUYS FOR LAKE TAHOE

Lighthouse at Sugar Pine Removed by Government

To keep pace with the ever increasing number of power boats on Lake Tahoe and to make navigation safer for both small and large craft the bureau of lighthouses, department of commerce, has placed five new buoys of the nun type at rocky or shallow points around the lake's shore line.

As an improvement to danger markers already placed, the two spars that for years have marked the rocky peaks of two submerged hills near Glenbrook and Zephyr Cove have been replaced with buoys. During rough weather the spars often were mistaken for stray logs.

The work required two days with the use of the Steamer Nevada and a large pile driver barge to transport and place the buoys with anchors weighing nearly a ton each.

The acetylene blinker at Sugar Pine Point was dismantled Saturday. The small lighthouse was built about fifteen years ago to mark a rocky projection and to give a direction to confused boat drivers. Although it was depended upon to some extent for night travel, boatsmen here never considered it an absolute necessity at that point.

Father of Mrs. Maynard Passes Away in East

Word has been received in town by friends of Mrs. Wilbur Maynard of the death of her father, Chas. Johnston in Harrisburg, Pennsylvania.

Mr. and Mrs. Johnston who have made their home in Truckee for many years with their daughter, Mrs. Wilbur Maynard, left in June on a visit to their son, Arthur Johnston at Harrisburg. While Mr. Johnston has not been in the best of health for sometime it was only a few weeks ago that he was taken seriously ill and passed away in a hospital in that city.

Hope To Start WPA Programs Soon

The works progress administration hopes to have its program going by September 15, Gene Kenyon, Sacramento district director, said on his return from a conference in San Francisco with state officials.

The government is planning a slow start on the WPA program, he said, with the idea of gradually expanding and avoiding pitfalls that disturbed other programs.

Kenyon said procedure in assignment of men for work will be to place them on old SERA projects they previously worked on, and which are being taken over by WPA.

LADIES AID TO HOLD FOOD SALE

The Ladies Aid Society of the Methodist Church are making arrangements for a cooked food sale to be held at Tonini's Store on Friday, September 13th at 10 o'clock. A large variety of salads, cakes, pies and cookies will be on sale.

The proceeds of the sale will be used to repair the church steps which are badly in need of repair.

New Vets' Purchase Law Needed for State

SACRAMENTO, Sept. 5 —(UP)— California has no legislation permitting World War veterans who have resided in California for 10 years or more to obtain a home or farm purchase loan from the veterans welfare board. Loans can be obtained only by California enlisted veterans.

Attention to this fact was called by Thomas M. Foley, chairman of the veterans welfare board, in answer to hundreds of applications filed by veterans under the misapprehension the bill had been approved by the legislature.

COMMENTS FROM CALIFORNIA NEWSPAPERS

By United Press

U. S. SHOULD STAY OUT OF EUROPEAN WAR

America's position in another European war should be that of a disinterested spectator, in the opinion of many California editors.

If a poll were taken, the result, it was believed, would show 99 per cent of this country's citizens favoring absolute American neutrality in any foreign conflict.

"The United States," said the Bakersfield Californian, "does not intend to participate in the European crisis, nor does it intend to be drawn into it if precautionary measures can prevent such a contingency. As events look now it appears that Italy is determined to carry out its Ethiopean war program. If only the two combatants were concerned the world might confine its interest to that of advice to each of them. But no war has ended without involving others. Unless for the fact that the Kellogg pact originated in the United States, and that its terms are not enforceable unless on the honor of the signatories, America has no other concern in the dispute but that of hoping war may be averted."

"Great Britain, eager to prevent the outbreak of hostilities between Italy and Ethopia," notes the Redwood City Tribune, "wants this country to join her in a plan of intervention. That desire however runs counter to the popular opinion of America, which seems strongly on the side of 'keeping out' of the mess. In attempting to goad the United States to join in the intervention, Viscount Snowden has declared 'the United States bears an honor-bound responsibility to the Kellogg-Briand pact.' The implication seems to be that as a signatory to that treaty we are in honor obliged to mix in the current Italo-Ethopian brawl."

In this connection, the El Centro Morning Post points out "Great Britain will lose considerable through a conflict such as that threatening in East Africa America will lose nothing. It is a selfish view to take, but it is one of several very good reasons the United States should keep hands off. If moral influence will do any good—if it could do any good—American influence already would have been felt on the side of peace. It is not moral influence the European powers want now, it is physical backing. That's why Uncle Sam should look the other way."

Declaring "there is an almost passionate determination on the part of this nation to keep clear of the troubles of the old world," the Pasadena Star-News recalls that "more than 20 years ago, when war broke out in Europe, the United States promptly declared its neutrality, and that policy represented public opinion, but there was not the same fervor for neutrality, because it was taken for granted that the United States had no interest in and would have nothing to do with Europe's wars.'"

"If the present course of Mussolini toward Ethiopia should result in a general European war," the Santa Monica Evening Outlook believes "there is strong reason for apprehension that our experience in 1915 and 1916 will be repeated. The only way to prevent it is the adoption now, before hostilities begin, of a definite and positive policy which will prevent the sale of munitions and arms to any of the belligerents and will close the door to loans to nations at war or about to embark in it."

"What ever happens in Europe," states the Orange Daily News, "there is no reason under the sun why this country should be involved in the mess. We have no stake in Africa. We have no stake in the Mediterranean. If experience has taught us anything, it should have taught us to keep our people and our money out of the zone of trouble. We still have a few dollars due us from the last time that we undertook to finance. a war. In addition to that, we got ourselves thoroughly disliked by our former allies. If there was any gain to us at all in the adventure it was learning that our traditional policy of minding our own business is a profitable one."

TWO SIDES TO PAROLE

The average citizen is inclined to agree with J. Edgar Hoover, ace "G-Man," that too many criminals are paroled without good reason and without adequate supervision. It is rather a common occurrence to read of crimes committed by convicted persons on parole. But there is another side to the problem which should be heard.

Winthrop D. Lane, director of the division of parole of the Department of Institutions and Agencies in New Jersey, points out the sad inadequacy of housing for criminals. If all sentences were carried out in full as imposed, he says, "It would take 20 times the present capacity of reformatories and prisons."

Warden Lewis E. Lawes of Sing Sing claims that the number of men on parole who commit further crime is 'so small in comparison to those who have left prison and are living decent lives, that it is infinitesimal."

Neither of these men denies that there are serious parole abuses or that the system is everywhere beyond criticism. It is well administered in some states, very poorly administered in others.

"There should be a parole officer for not more than 50 or 60 men," says Lawes, "yet in some states one or two men have to look after thousands. Politics often enter into the matter."

Correction of parole evils cannot be accomplished in a week or a month, but it can be commenced as soon as the public wishes. In addition to an adequate staff as to numbers and training, parole boards and parole officers should be free from politics. And before that, much good would be accomplished by having as many prisons and reformatories as protection of society and decency and humanity in treatment of criminals require.

Proper social measures to prevent people from becoming criminals in the first place would have a good effect on the situation, too.

Politically Speaking

By GEARGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Sept. 5—(UP)—An opportunity to feel the pulse of ex-service men and determine whether to take seriously the suggestions that he enter national politics will be given Gov. Frank F. Merriam next month when he attends the national American Legion convention in St. Louis.

Merriam is planning to go there officially to invite the Legion to hold its next convention in Los Angeles. While there, he undoubtedly will be called upon to speak. He may repeat some of the words he delivered to the California convention of the Legion—advocating immediate payment of the soldiers' bonus and conscription of wealth in time of war.

Such utterance on his part would receive nationwide publicity. The reception given him would have some influence on his decision whether to confine his efforts to handling the reins of California government or look with favor upon a movement to advance him as republican candidate for vice president in 1936.

Merriam has little to say on the subject, but has not denied that he may become a candidate for national office, he merely said:

"That is very complimentary and a man enjoys compliments of that kind, but I have all the state problems I can take care of at the present time."

"At the present time" need not necessarily extend throughout his term as governor.

Before the governor lends his official support to any demands that he enter the national republican fight, he will determine the direction of political winds. Then, too, he must be careful not to lay himself open to a spanking by the notional administration. California, through Merriam and other officials, is seeking a goodly portion of federal funds for work relief and building projects. Nothing will be done to jeopardize the state's chances of receiving important advances, if officials can help it.

Senator Huey Long's filibuster in the senate the night congress adjourned cost California's state general fund $3,000,000.

Controller Ray L. Riley estimated the state would benefit that much from the proposed national old age pension plan which was defeated by Long's filibuster.

Under provisions of legislation adopted early in the summer, the state must pay more than $16,000,000 during the biennium for old age benefits. This will be matched by a similar amount provided by counties. Had the national plan been adopted, California would have been aided to the extent that it would have had to spend only $13,000,000.

TAHOE REGION NEWS

By Swanee

The Lake Tahoe Sierra Association will hold it's annual golf tournament on Sept. 21 and 22nd on the Tavern golf links, according to Henry F. Droste, Sec. of the Ass'n. The tournament is open to all members of the association and their friends. A gala Calcutta Pool dinner will be served at Tahoe Inn at 7:00 P M. on the evening of the 21st. The handicap matches will be played off on Saturday and the finals on Sunday. Last year's event was won by Gene Rogers, local boy, who turned in a neat score of 71 for the course. Entries are anticipated from Sacramento, Reno, Auburn San Francisco and Oakland, with many fine amateur players among them. Fay Shannon of Glenbrook is reported to have purchased a new set of clubs, striking fear into the hearts of his colleagues, and H. F. Droste and A. P. Crist have been seen sneaking around the course before sun-up practicing some choice new shots with which they hope to capture top place. Dave Chambers and Harry Comstock are believed to be the dark horses who will be last minute entries planning to gallop away with the prize money. On the other hand Carl Bechdolt's superb golfing finesse is so good that his handicap is going to be a stroke a hole. Much enthusiasm is being already evinced over the coming tournament which always draws a large crowd of out-of-towners to our fair shores. If you "golf", go down and drop your name in the pot for Sept. 21st and 22nd.

About 60 men went to work on Tuesday on M. G. M's new location at Carnelian Bay, adjacent to Carnelian Bay Resort. Houses are springing into existence almost under the very eye and the lot hums with feverish activity. Joe Cook is in charge of the project which will be made to resemble a street in a typical little town of the Northwest. No name has as yet been given it. Power lines are being installed, freight cars filled with furnishings are arriving and workers in every trade are arriving to augment the crowd daily. The stars of the picture to be filmed, Victor Herbert's "Rose Marie," are to be Nelson Eddy and Jeanette MacDonald but they are not expected in for at least another week. A large group of the movie people are stationed at Chambers' Lodge and rumor has it that scenes will be taken from Emerald Bay to Carnelian Bay. Boats, barges, dogs, goats and 200 Indians from the Carson Valley are to engage, along with other things, in the filming of the picture which may cover a period of three weeks or more.

Grace Lee Hill, 11-month old baby daughter of Forest Ranger and Mrs. Lee Hill, stationed at Bay View Ranger Station above Emerald Bay, strangled to death on Thursday, Aug. 29th in the morning. Dr. Malcolm Hadden of Al Tahoe and Traffic Officer Milo Hewitt of the south end of the lake worked with a pulmotor from Richardson's camp for more than four hours in an effort to bring the baby back to life without success. It is believed the baby was strangled on a strap placed around her body, under the arms, in the crib, to keep her from getting uncovered or falling from her crib. She slipped down too far and the strap is believed to have choked her. The Hills have one other child, Darla, aged four.

Major A. P. Crist experienced a pleasant surprise recently when a charming 21-year old niece whom he had never before met, motored across the continent on a honeymoon trip from New York to pay him, and his family a visit. She is Mrs. Walter Carpenter Jr. wife of a young physician, graduate of Cornell University and now a member of the staff of Bellview Hospital in New York City. The young couple spent a delightful two weeks as house guests of the Crist family at their home in Tahoe Pines, enchanted with Tahoe and the west, which they are seeing for the first time. They left on Monday for the Crist family home in Oakland where they will meet and visit for the first time her cousins, George and A. P. Crist Jr. sons of Major and Mrs. Crist.

About 4 A. M. Monday morning a car driven at rapid speed left the highway and smashed into a ditch across the road from the A. R. Westphal home in Sunnyside. By the time neighbors had arrived at the scene another car had come along and taken the occupants, none of whom were believed hurt, away. The car, which suffered a broken axle and bumpers was pulled out of the ditch by Henry's garage.

Deputy Sheriff Carl Bechdolt of Tahoe on Saturday went to Reno where he called upon the chief of police and took charge of one E. Moran, a wondering cowboy who made the mistake of helping himself to a saddle and bridle left hanging over the fence of the Tahoe Tavern stables. He tried to hock the stolen goods in Reno and was picked up by a policeman. He was placed upon his arrival here in the city bastile where he awaits a trial before Judge George Bliss.

Carolyn Wells of Tahoe and Edward Hussey of Emerald Bay were married in Gardenerville about a month ago. The young couple are occupying a home on the Emerald Bay Riviera.

Rupert Bradley of Emerald Bay spent the week-end in Woodside with Mrs. Bradley and infant son. His home at Emerald Bay is rented at present to Ward Law and family.

Inspector Everett McKee and Captain A. Castle have returned to their former posts, their summer duty at Tahoe over for the season.

Work at Tahoe Treasure Mine is progressing satisfactorily, the tunnel now completed for a distance of 285 feet where it is reported to have tapped the ore body. A second tunnel, on which more men will be employed to augment the present crew of 15, is soon to be started at the north dome. Additional equipment is soon to be installed, according to C. B. Malone, mine manager.

The Mt. Rose road from Reno to Tahoe was ordered closed this week temporarily, to facilitate oiling operations. The route is expected to be closed for about seven days. Work is being done in small units near the summit, travel being diverted until completion.

At Tahoe some very objectionable "wash board" stretches hve been eliminted this week by the highway crew, two especially appreciated by a grateful public being those on the bend near E. B. King's place and in front of the Knox Grocery store at Tahoe Park. Tahoe highways in general are in excellent condition all around the lake.

Silence and darkness again crept over rambling old Tahoe Tavern and it's grounds on Tuesday night, as this popular hostelry closed it's doors once more after a most successful season. The leaders of industries, counts and countesses, diplomats and many of the nation's wealthiest were among it's guests this year. A number of changes are scheduled to take place next year, with improvements to be made inside and out. The last show of the season at the Tavern show house will be on Thursday night with the showing of "Love Me Forever" starring Grace Moore and Leo Carrilio. Many of the resorts at the lake have already closed and many will be closed in the near future.

The weather during the day at Tahoe continues bright and sunny, but already the nights are beginning to turn cold. Flowers are starting to seed and leaves are taking on a yellow tinge in places, for Autumn is not far distant. Hundreds of vacationists have departed for homes and school, although many are enjoying belated visits to homes which have been rented out all summer.

Local fishing seems to have reached it's climax and started on the decline. For although men still fish, the fish have ceased to fall for their 'line'. Very few catches have been made recently and most of them have been negligible. One party last week visited the following lakes, Tallac, Granite, Dick's Cascade, and the Vellmas, using every sort of bait and temptation, with no luck whatever. The fish were still there, but starting to spawn and no longer interested.

Five new bouys were unloaded at Tahoe City last week, sent up by the U. S. Lighthouse service dept. At Tahoe is a new can bouy, the only one of it's kind on the lake, at Meek's Bay a new nun bouy was placed, at Emerald Bay a 3rd class nun bouy was repaired and painted, at Al Tahoe a 2nd class nun was placed off the sand bar there, at Zephyr Cove a spar bouy was raised and 2nd class nun installed, at Brockway the well worn bouy was taken up, repaired and painted, and may be replaced with a new one, at Sugar Pine Pt. repairs were also made.

Mr. and Mrs. Walda Van Buren and family of San Diego enjoyed a vacation of five days with the Herbert Nichters of Lake Forest. Mr. Van Buren is in charge of the electrical department of Campbell's Deisel Elec. Boat Co. in the southern city.

Mr. and Mrs. Frederick Ackerman and family of Piedmont closed their home in Tahoe Pines and left for their city place to re-enter their children in school.

Also returning home on Monday were the Wyne Millers of Sacramento.

Recent house guests of the A. P. Crists at their home in Tahoe Pines were Mr. and Mrs. John Fritchi of Berkeley, Mr. and Mrs. Karl Brackett of San Francisco and Mr. and Mrs. Owen Davenport of Santa Barbara.

The Geo. R. Keists have been occupying the George Holmes summer cottage at Carnelian Bay for the summer.

Mr. and Mrs. Ray C. Vaughan and family who have rented the Eddinger house at Tahoe Pines all summer have returned home. Mr. and Mrs. Eddinger of Hood are now vacationing there.

Mr. and Mrs. Richard Shainwald and a group of friends from San Francisco are occpuying their summer home in the Sunnyside district. The family returned a week or more ago from an extensive tour of Europe.

On Sunday last the Tahoe Realty Co. sold to Commander Robert Chambers of the U. S. Navy, stationed at San Diego, a strip of lake frontage 100 feet in length in Lake Forest Unit No. 3. He is an intimate friend of Admiral Reeves, Commander-In-Chief of the U. S. navy, who also has owned a summer cottage in Tahoe Pines for the last three years. Mrs. Reeves is now vacationing in Switzerland while her husband is on duty.

On Saturday night the Misses Florence Vernon, Doris Spitzen and Mrs. Oscar Quam were hostesses at the Vernon home at a farewell party tendered Miss Lillian Vernon who leaves this week for southern California to attend school. Dancing and a social evening were enjoyed by the following; Misses Violet Brodehl, Sarah Grimshaw, Weita Gardner, Kathleen Anderson, and Sue Hinkle, and Messrs Howard Burnett, Martin and Gordon Spitzen, Kenneth Lundell, Oscar Quam, David Renner, Robert Cowell, Robert Pomin, Harry Johaanson, Carl Bechdolt Jr., Douglas Smith and Allan Atherton. Tasty refreshments were served the group near midnight.

Mr. and Mrs. S. M. Ehrman of Pine Lodge closed up their sumptuous summer home and returned to San Francisco last week. They had planned remaining in later but Mrs. Ehrman's health was so poorly they cut short their stay. Their daughter, Mrs. Claud Lazard and family, who spent the summer in their new home completed this spring on the Ehrman estate by N. R. Mayfield, accompanied them to San Francisco.

On Sept. 5-6-7 the hotelmen's annual state wide convention will be held at Brockway Hotel. A large crowd is anticipated with many special features being planned during the 3 day celebration.

Charles Ipsen of Berkeley, brother of Mrs. Si Pierson, accompanied by his wife and mother and father, spent Saturday and Sunday at the home of his sister.

F. A. Kilner and Co. of Homewood report an excellent season's business, their latest sale being a tract of 115 acres with 1400 feet lake frontage near Fleischaker's, to E. J. Sweetland of Piedmont. Seven lots have been sold in Timberland Tract, A. P. Leach of Oakland now having a new home erected upon his property there. Six new homes will be built in Timberland next year. Mr. Kilner reports sales at Sandy Beach, in the Miramar Tract Meek's Bay and practically all sections of the lake this summer.

The Steamer Nevada made the last trip of the season on Sunday when a large crowd was on board to enjoy the trip around the lake.

The Lake Tahoe Transportation Co. under the management of Ed. Lathe have been very successful since they have placed the Nevada back into service in their trips around the lake. Each Sunday two trips have been made with stops at all the important resorts around the lake and several moonlight trips proved very popular.

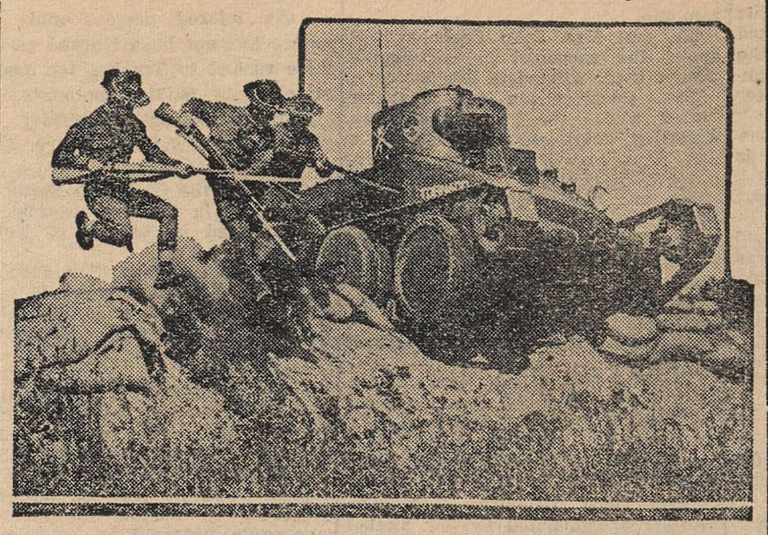
The Nevada has been in charge of Captain Henry Rose who through his long service on the lake is familiar with the lake and points of interest, which are pointed out to the guests during the trip.

Sam Neff, who also is familiar with the lake has been the purser on the boat during the season.

The Lake Tahoe Transportation Co. plan to operate the Nevada next season and will have many interesting trips to points of interest around the lake planned for their patrons.

The Nevada will make a trip during the month to Zephyr Cove when all the school children, their parents and towns people will be the guests of the Lake Tahoe Transportation Co.

Army Tank Mothers Brood of Bayonets



Dashing out from the protective but speedy hulk of this modern tank, soldiers of the Sixteenth infantry, from Governor's island, are pinioning their invisible enemies to the ground with bayonets during the tank drill at the Camp Pine maneuvers at New York. These soldiers were the winners of the drill.

HOBART MILLS

Mr. and Mrs. Jack Oliver and son Bobby have returned to their home at Modesto after a two weeks visit at the home of Mr. Oliver's parents Mr. and Mrs. G. D. Oliver.

Mrs. H. N Luhrs of Camp 21 who was a patient at the Hobart Hospital last week has so far recovered that she could be taken to the home of her parents Mr and Mrs. J. B. Clark.

Ralph Cardinal who has been a patient at the hospital for several days has returned to his home but is still unable to be at his work. Mr. Cardinal has been suffering from an infected arm.

Mrs. T. K. Oliver and son and daughter have returned to Berkeley where they will reside during the school term. Mrs. Oliver's sister, Mrs. K. H. Schillings and two children of Michigan accompanied her to Berkeley and will visit there for a month.

Mrs. Ray McDonald accompanied by her sons George and Donald spent the week-end at their home in town coming up from Sacramento where the boys are attending high school.

Ray Cavallo who is attending Junior College at Sacramento was a week-end visitor at the home of his parents Mr. and Mrs. Sam Cavallo.

Mrs. O. C. Landrith and three children Owen, Margaret and Dick have gone to Reno where the children will attend school this winter.

Mrs. Irma Atkins of Nevada City has returned to resume teaching in the Hobart Mills School and is staying at the home of Mrs. Hannah Stewart.

Mrs. Jessie McGinnis of Nevada City is assisting in teaching the primary grades in the Hobart School.

Mrs. E. K. Wilson has returned home from a weeks visit with her

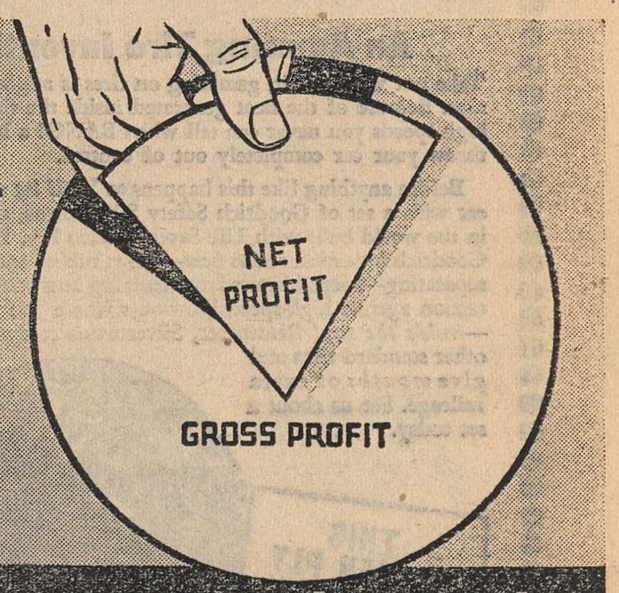
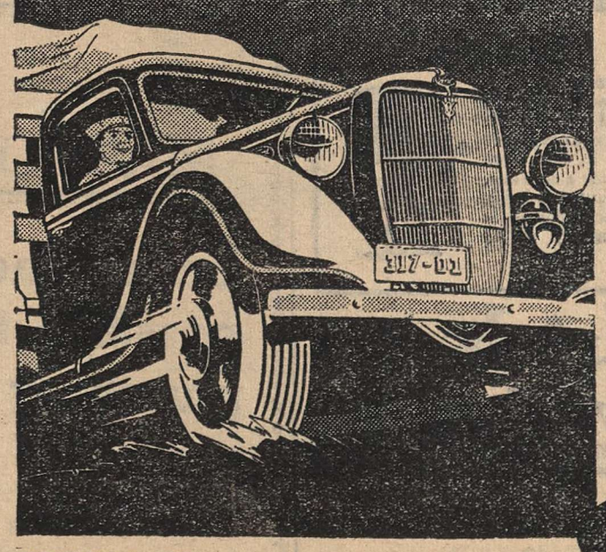
You gross more money with a FORD V-8 TRUCK



and a bigger percentage is clear profit



THE moment you buy it, the Ford V-8 truck begins to save you money, because it will do *more* work—haul more tons at less cost. Its notably low fixed costs and its marked economy of operation and maintenance combine to reduce ton-mile haulage costs. Its new forward load distribution permits carrying more pay-load *ahead* of the rear axle. This results in longer tire and brake life—less body and chassis strain—more room in the cab.

We are ready to prove the ability as well as the economy of the 80 h. p. Ford V-8 truck. We will furnish the truck—even the gas and oil. You test it with *your* loads on *your* routes with *your* driver and check the results. *There is no obligation. There are no strings to this offer*—your sound business judgment will be our reward.

HOBART MILLS NEWS

(Continued from page 3)

daughter Mrs. Elwood Saltzen and family of Dixon.

Mrs. Maud Pobanz and son Charles and Felix Brown of Los Angeles, accompanied by Mr. Brown's cousin, Mrs. Eva Thomas of Little Rock, Arkansas, were guests at the home of Mrs. Hannah Stewart several days last week and enjoyed a trip around Lake Tahoe while here.

Mrs. William Caples has returned home from a visit with her sisters in Sacramento.

Mr. and Mrs. Steve Gadda visited relatives in Reno on Sunday and were accompanied home by their son Pete Test who spent Labor day at home.

Mr. and A. Schmidt of Roseville were week-end visitors at the home of Mr. and Mrs. H. G. Seibold and family.

Mrs. A. D. Murray and son Edwin are spending a few days with relatives at Watsonville.

Miss Beatrice Gates of Sacramento was a week-end guest at the home of her parents Mr. and Mrs. Roy Gates and family.

The last of the series of Card Parties given by the Hobart Parent Teachers Association will be held at the schoolhouse on Thursday evening. These parties have been very popular during the summer months and well attended by the Hobart folks. Two prizes were awarded each evening and a final grand prize will be awarded at the close of the party on Thursday evening of this week. Different ladies have acted as hostesses each evening and the association may decide to give another series during the winter months.

Mrs. George Lesselyong is a patient at the Hobart Hospital and is reported as very much improved. Mrs. Lesselyong is suffering from a severe attack of neuritus.

Mrs. Vivian Rablin who passed away in Roseville last week was well known in Hobart Mills and was a niece of Mrs. Alex Robertson and often visited relatives in town. Mrs. Rablin is survived by her husband and five children. Funeral services were held at Roseville with interment in Truckee.

Mr. and Mrs. Harry Maggard of Lake Independence were visitors on Tuesday and reported a splendid crowd at the resort over the week-end and Labor Day holidays.

Mr. and Mrs. Ike Holmes of San Francisco were week-end guests at the home of Mrs. Holmes' sisters, Mrs. J. B. Clark and family.

Mr. and Mrs. Dixie Bath and daughter of Carson City were the guests of friends in town on Labor Day. Mr. Bath is the postmaster at Carson City.

Mrs. Hannah Stewart will leave on Friday evening for Sacramento, where she will attend a meeting of Worthy Matrons of the Eastern Star Lodges of Northern California. There will be a luncheon at the Hotel Sacramento.

Mr. and Mrs. John Casbohm will spend the week-end in Sacramento where they will visit friends.

Mrs. Oscar Olson and daughter Mabel will leave for Roseville on Saturday where she will visit for a few days and Miss Olson will resume high school in Roseville.

Mr. and Mrs. Bert Burddick have gone to Southern California where they will visit for a month and expect to locate around San Francisco after a well earned rest. Mr. Burddick has been the chef at the boarding house for the past six years and will be missed by Hobart friends.

Mr. and Mrs. Frank Murdock visited with Mrs. Murdock's father William Butler on Labor Day. Mrs. Murdock was the former Miss Wilma Butler and lived here for many years.

Miss Lena Nicholas of Minden, Nevada accompanied by her mother visited at the home of Mr. and Mrs. L. Souchereau and family over the week-end.

Joe Mari, the butcher at the Hobart Store will enjoy the sights at the State Fair in Sacramento on Thursday and Friday of this week.

L. B. Dundas who has spent a week here from Webber Lake has returned to the Lake.

The Swedish people gave a dance at Klondike on Saturday evening and there was a good crowd attended and a midnight supper was served during an intermission.

Mr. and Mrs. Pete Bedard of Walnut Creek were Labor Day visitors and enjoyed meeting old friends in town.

Herbert Canady has resumed work at the lumber yard office after being confined to his home a week, from the result of the injuries he received in a fall while picking fruit.

Louie Larson who has acted as relief sawyer in the sawmill during the summer has gone to Merced Falls where he will be employed.

Mr. and Mrs. Don Fletcher and family were Homewood visitors on Sunday afternoon.

Mrs. Irene Bell of Tahoe City visited her daughter Mrs. Don Fletcher on Sunday.

Bill Nay has returned from a week-end visit with relatives in Oakland. He was accompanied on the trip by his mother from Reno.

Jack Murray arrived here on Saturday from Forbestown and visited his parents Mr. and Mrs. E. C. Murray over the week-end. Mr. Murray is employed there by the Idaho Maryland Mining Company.

Jim Fippin visited at the home of his parents Mr. and Mrs. John Fippin of Rough and Ready over the week-end.

NORDEN NEWS

A near fatal tragedy occurred about one mile west of Norden about noon Monday when a Packard Motor car with four occupants crashed into the rear of a standing truck which had been flagged account of the State Highway being in course of repairs at that point, the extent of the injured persons and their names has not been learned as they were rushed to Truckee for medical attention by passing motorists.

Norden elementary school was ably represented in the Placer County school exhibit in the Educational Building at the California State Fair this week in Sacramento and has been visited by several of Norden residents.

John Backarich of San Jose and formerly of Norden found it necessary to remain over an additional day this week to visit with relatives and renew old acquaintances.

Manuel Berry of Norden is experiencing no difficulty in demonstrating to his Norden collegues that it is possible to own two automobiles in one month by returning on Monday of this week with a 1932 Willys Sedan while he left his late Ford Roadster in Sacramento for demonstration purposes.

Thomas Eversalt recently added to his personal acquisitions last week when he returned with Mrs. Eversalt from a hurried trip at Reno in a 1930 Studebaker Dictator Sedan, young Teddy Eversalt has added his personal approval.

George Drew of Norden spent Labor Day with his family in Chico.

William Flackus, Romeo Drouin, F. Van Hardenberg, and Chester Smith spent Labor Day with their respective families at Ashland Oregon.

Mrs. J. C. Lyon of Norden is busily engaged in viewing the California State Fair Exhibits in Sacramento this week.

Recent arrivals at Pyramid Lake in Nevada include the Harold Boomer family of Norden.

The T. E. Eversalt family motored to Sacramento over the holidays.

Clarence Libby and Louis Featsent can be seen nightly on Norden's Blue Rock Hunting Club's grounds getting the bead on small objects so on the opening of deer season they will be ready for the occasion, as they recently purchased new rifles.

Mrs. Lucille of Vallejo was a recent arrival at the Hackley home.

Mrs. C. W. Kramer with Virginia and Billy have returned to Sacramento for school activities.

"Bat" Reardon of Truckee was the guest of "Spot" Nagle on business Tuesday.

The Kinsey family motored to Truckee over the past week-end.

Mrs. Joseph Gowling, Mrs. John Sherritt, Miss Dorothy Sherritt of Sacramento who have been spending the summer at their summer home near Norden have returned to Sacramento.

The Harms Construction Co. of Sacramento are making Norden their chief headquarters while repairing the Highway in this vicinity.

The Hans Halderson family of Norden are visiting relatives in Loomis, Auburn and Dutch Flat over Labor Day.

Joseph Casari and Walter Ferguson found it necessary to remain over in Sacramento an extra day for medical attention.

Origin and Meaning Of Names of Counties

The story of how California counties derived their names is an interesting part of the history of the Golden State. Believing that the thousands of tourists who annually motor over the state's great highway system would like to know how the counties they visit came by their names, Director of Public Works Earl Lee Kelly, at the request of Governor Frank F. Merriam has had prepared from state records a series of brief stories of the origin and meaning of the names of the counties of California including a few salient facts about each county. Following is the third article of the series. Editor.

COLUSA COUNTY—Created February 18, 1850. This is one of the twenty-seven original counties of California. The name of this county in the original act of 1850 was spelled "Colusi", and oftimes in newspapers was spelled "Coluse," and was the name of an Indian tribe living on the west side of the Sacramento River. The exact meaning of the word "Colusa" never has been determined although the late Hon. John P. Irish, in a letter to Prentiss Maslin, offered a solution. He wrote:

"I note that you find no meaning or translation of the Indian word "Colusa," the name of the tribe from which the county was named. The late General Will Green, who went there while the tribe still was a strong body and associated with them so much as to acquire a knowledge and quite free use of their language, told me that the word 'Colusa' means 'scratcher,'. When a member of the tribe married, it was the privilege of the bride to begin the honeymoon by scratching her husband's face. The young women so uniformly availed themselves of this privilege that a newly married man always was known by the deep scratches upon his face inflicted by his wife. From this tribal custom the tribe was known as Colusa or the scratchers. General Green always was so correct in the knowledge he acquired and imparted as to such matters that I am very certain this is the exact and correct meaning of the word 'Colusa.'"

For the last eighty years, Colusa county has made steady strides in stockraising, dairying, fruit and nut culture and general farming. Before gold was discovered in nearby counties, the section now known as Colusa was practically isolated, the census of 1850 reporting 115 residents. When a few of the other counties experienced an influx of fortune seekers, many saw possibilities in Colusa for growing wheat, barley and other grain products to feed the miners. This was the beginning of progress.

In Colusa are thousands of acres of rich valley soil, the depth of which is almost unbelievable. Wells have been drilled to 300 feet without striking bedrock, and experts agree that probably a soil depth of 1000 to 1500 feet could be shown. Approximately 225,000 acres are devoted to almonds, deciduous and citrus fruits, alfalfa, wheat, barley, corn, beans, rice and melons alone while 19,387 acres are rice fields and 11,000 acres given over to almonds. It is estimated Colusa has 240,800 head of cattle, sheep and hogs. Population 10,258. Area: 1140 square miles.

CONTRA COSTA COUNTY—Created February 18, 1850. One of the original twenty-seven California counties. This county originally included what now is known as Alameda county, and because of its relationship to San Francisco county, on the west side of San Francisco bay, it was called in Spanish Contra Costa, or "opposite coast," lying as it does on the opposite coast or eastern shore of San Francisco bay.

Although one of California's smallest counties, Contra Costa combines farming, manufacturing and desirable living conditions to such a high state that the wealth per capita has ranked first among all counties in the United States for years. Statistics show a population density of 110.1 per square mile as compared with the state average of 36.5. The county raises over thirty farm products and has more than fifty factory products. One-eighth of the world's oil output passes through Contra Costa County, with four of the largest oil refineries in existence operating.

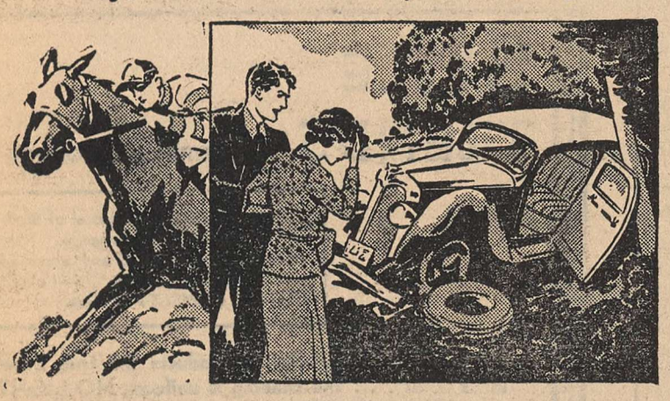
"Spills Under Racing Horses Are Never As Dangerous As Blow-outs"

says SONNY WORKMAN, Famous Jockey



HOW NEW KIND OF TIRE PROTECTS YOU AGAINST HIGH-SPEED BLOW-OUTS

● "This business of riding race horses isn't all thrills and glory," SONNY WORKMAN says. "You've got to expect plenty of bumps. I've crashed into fences and been trampled under pounding hooves. But my worst spill wasn't as bad as that blow-out I had. I was driving to Miami, when the tire blew out. My car swerved and shot off the road. And I still thank my lucky stars I came through it alive. But I'm taking *no more chances* with blow-outs—I've equipped my car with Goodrich Safety Silvertowns."

An Amazing Tire Invention

Take our word for it, gambling on tires is mighty risky business. Because of the heat generated inside the tire by today's high speeds you never can tell when BANG! a blow-out may throw your car completely out of control.

Before anything like this happens to YOU let us equip your car with a set of Goodrich Safety Silvertowns, the *only* tires in the world built with Life-Saver Golden Ply. This exclusive Goodrich invention *resists heat*—keeps rubber and fabric from separating—keeps blisters from forming and you get *real* protection against high-speed blow-outs where you need it most—*inside the tire!* Remember, Silvertowns cost no more than other standard tires and give *months* of extra mileage. See us about a set today.

BATTERY WEAK? *Let us recharge it before you get stuck*

You never know when a weak battery will leave you stranded. We'll put new life into it for you and coax more service out of it. But when you are ready for a new one, let us show you the Amazing Goodrich Electro-Pak — a super-power battery at no extra cost.

Christian Science

In all Christian Science churches, branches of the Mother Church The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, September 8, on the subject "Man."

The Golden Text will be: "Blessed is the man that trusteth in the Lord, and whose hope the Lord is" (Jer. 17: 7). Bible selections will include the following passage from II Peter 1: 2, 3: "Grace and peace be multiplied unto you through the knowledge of God, and of Jesus our Lord, According as his divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue."

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which read as follows: "Man and his Maker are correlated in divine Science, and real consciousness is cognizant only of the things of God. Harmony in man is as real and immortal as in music. Discord is unreal and mortal. When we learn in Science how to be perfect even as our Father in heaven is perfect, thought is turned into new and healthy channels, — towards the contemplation of things immortal and away from materiality to the Principle of the universe, including harmonious man" (p. 276).

POLITICALLY SPEAKING
Continued from page 2.

In addition, the the state must handle its own unemployment insurance program, apparently without federal aid. This becomes effective next January 1, when employes and employers begin paying into an insurance fund. Benefits will not be available until after January 1, 1938 —two years being allowed to elapse for purposes of building up a fund.

Officials who have studied the Townsend Old Age Pension and other security and insurance plans believe it inevitable that some national system must be devised to assure independence in old age. They predict, however, that it will be worked out on insurance lines, with employes contributing a per centage of their earnings until they reach whatever retirement age is designated. This — rather than a tax plan as proposed by Townsend —could be operated successfully in the opinion of state officials who do not wish to be quoted on the subject for fear of incurring the wrath of Townsendites who decline to deviate from the transactions tax $200 a month for everybody ever 60 idea.

Governor Merriam is extremely popular with attorneys and judges these days. Particularly attorneys and judges in Los Angeles.

He has at least five vacancies to fill. He already has chosen appointees for two in San Francisco, but there are three good spots in Los Angeles for which dozens of applicants are clamoring.

The late Gov. James Rolph, Jr., claimed to have had 2,000 applications for a Los Angeles superior bench position early in 1934. Whenever he visited Los Angeles and drove into the basement of the state building, applicants descended upon him from behind pillars, automobiles and doorways and he literally had to fight his way to the private elevator. Merriam hasn't been bothered quite that much.

Credit Plan Aided Retail Trade of State

More than ten million dollars have been poured into the channels of retail trade the past year by Bank of America, under the modernization credit plan of the National Housing Act, it was revealed this week when the bank made its 25,000th modernization loan.

The occasion, marking the first anniversary of the Federal Housing Administration in Northern California, took Clifford C. Anglim, district director, and other officitls of the Housing Administration to the office of A. P. Giannini, chairman of the board of Bank of America, to personally congratulate him and his staff for the prominent part played inpublicizing the Better Housing program.

"It is a pleasure to convey to you personally the thanks and appreciation of the Federal Housing Administration for loyal support of our program by Bank of America," Anglim said. "This splendid cooperation is a commendable public service and a highly important factor contributing to the success of Better Housing, not only in California but throughout the nation."

Bank of America loan under the National Housing Act to July 1 totaled more than $10,555,,000 Giannini declared, of which 55 per cent has been paid for labor directly engaged in building, repairing and modernizing California homes.

"These loans have provided workmen 5,805,250 man hours of employment" Giannini said. "Results have justified our efforts and attest public approval of this simple system of low cost financing. We shall continue to carry on the program launched a year ago, appreciative of the fact that every dollar invested in home building and modernization means not only better housing and higher standards of living, but creates employment, builds payrolls, and lightens the burden of relief rolls."

Reviewing the successful program carried out in Northern California during the first year of the Federal Housing Administration, Anglim declared that Better Housing programs have been conducted in 122 communities, that 232,889 homes and business properties were visited and inspected, resulting in 96,301 modernization projects being undertaken in the Northern California district.

"The immediate result of this accomplishment," Anglim said, "was putting to work 45,750 unemployed men, and moving 25,700 men and women from relief rolls to payrolls."

Under the mutual mortgage insurance phase of the Housing Act, he said, 400 new homes, representing an investment of $2,000,000, have been constructed, and 800 homes have been refinanced, involving an additional $5,000,000, which reflect Northern California district's active participation in the nation-wide Better Housing program.

Car Drivers of State Show Gain This Year

SACRAMENTO, Sept. 5 —(UP)— in number of automobile drivers in California apparently is on a par with the five-year record gain in licenses.

automobile registration, Ray Ingels, director of the department of motor vehicles, today informed Governor Frank F. Merriam.

Recent figures showed more than 2,000,000 paid automobile registrations. Figures from division of drivers' licenses and adjustments, for the month of July, this year, showed a total of 68,429 applications for drivers' licenses received.

This is an increase of 13,814 applications, or 25 percent, over the month of July, 1934. Out of this total 20,943 original licenses were issued, together with 30,167 renewals and 4,543 chauffeurs' licenses.

A total of 3,201 persons failed to pass examinations, and 363 persons were refused licenses. Instruction permits were issued to 2,969 persons.

No fees are required for drivers' licenses.

NOTICE OF SALE

OF TRUCKEE SCHOOL DISTRICT BONDS

Notice is hereby given that sealed proposals will be received up to but not later than Friday, September 6th, 1935 at 10 o'clock A. M. by the Board of Supervisors of the County of Nevada, State of California, for the purchase of bonds of the Truckee School District, in the sum of Twenty Two Thousand and no-100 Dollars $22,000.00, all or any part thereof. Each of said bonds will be dated the 1st day of September, 1935, and will bear interest at the rate of Four per-cent (4%) per annum, payable semi-annually, bond, principal and interest to be payable in lawful money of the United States at the office of the Treasurer of the said County of Nevada.

Said bonds will be twenty-two in number being authorized by said Board of Supervisors on August 7th, 1935 and August 19th, 1935, and payable as follows, to-wit:

Bond No. 1, payable Sept. 1, 1936
Bond No. 2, payable Sept. 1, 1937
Bond No. 3, payable Sept. 1, 1938
Bond No. 4, payable Sept. 1, 1939
Bond No. 5, payable Sept. 1, 1940
Bond No. 6, payable Sept. 1, 1941
Bond No. 7, payable Sept. 1, 1942
Bond No. 8, payable Sept. 1, 1943
Bond No. 9, payable Sept. 1, 1944
Bond No. 10, payable Sept. 1, 1945
Bond No. 11, payable Sept. 1, 1946
Bond No. 12, payable Sept. 1, 1947
Bond No. 13, payable Sept. 1, 1948
Bond No. 14, payable Sept. 1, 1949
Bond No. 15, payable Sept. 1, 1950
Bond No. 16, payable Sept. 1, 1951
Bond No. 17, payable Sept. 1, 1952
Bond No. 18, payable Sept. 1, 1953
Bond No. 19, payable Sept. 1, 1954
Bond No. 20, payable Sept. 1, 1955
Bond No. 21, payable Sept. 1, 1956
Bond No. 22, payable Sept. 1, 1957

Bids may be made for the whole lot or any portion of said bonds but persons bidding for portion of the same must designate the particular bonds either by number or numbers given above.

These bonds will be sold for lawful money of the United States and for not less than par and subject to delivery as soon as sold.

Each bid must state that the bidder offers par, and state separately the premium, if any, offered on the bonds bid for.

A certified or cashier's check in the sum of five per-cent of the amount of said bonds, or the principal thereof bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany each bid as a guarantee that the bidder, if successful, will accept and pay for said bonds in accordance with the terms of the bid. The Board reserves the right to reject any and all bids.

By order of the Board of Supervisors of the County of Nevada, State of California.

Dated August 19, 1935.

R. N. McCORMACK

Clerk of the Board of Supervisors, Nevada County, California.

Mrs. E. J. Campbell, Sr. and son Boyd are visiting in Sacramento for several days.

Mrs. Jos. Sanders is spending several days in Sacramento making arrangements for moving to that city where they have purchased a home and will reside.

Origin and Meaning Of Names of Counties

(Continued from page 4)

As the deep waters of San Francisco Bay, San Pablo bay and Carquinez Straits provide accessibility for ships of all descriptions, Contra Costa is the only county in California boasting ten harbors of commerce.

Almost in the geographic center of the county, Mount Diablo towers to a height of 3900 feet, commanding a view of the territory embraced in at least thirty-five of California's fifty - eight counties.

Three of the greatest bridges in the nation enter Contra Costa from two neighboring counties, the Southern Pacific bridge across Suisun bay, the Carquinez bridge across Carquinez Straits, and the Antioch bridge across the San Joaquin river at Antioch. Population: 78,608. Area: 714 square miles.

Next: Del Nort and El Dorado counties.

The income for farmers in this country will be about forty per cent above that in 1932.

SPECIAL SESSION HAS NEW PROBLEMS

SACRAMENTO, Sept. 5 —(UP)— Another reason for calling a special session of the legislature has been revealed with the announcement that legislation may be necessary to assure federal aid in the administration of the new California unemployment insurance program.

Under terms of the California measure, collections from employes and employers will be started under the state system next January, with the first insurance benefits to be paid to eligible workers in January, 1938.

According to Ray L. Riley, state controller, the national social security act specifies that state collections shall be placed in the United States treasury, a provision not included in the measure passed by the 1935 legislature.

Riley explained that he was "doubtful" if the federal government will make an anticipated contribution of administration costs to California unless the two acts are brought into harmony and the state plan is accepted as satisfactory by authorities in Washington.

Riley said he would ask Attorney General U. S. Webb for a legal interpretation of the situation. If remedial legislation is necessary, Riley indicated he would request Governor Frank F. Merriam to include the subject in his call for a special session of the legislature this fall or winter.

Meantime, Gov. Merriam said he was not prepared to announce the personnel of the state unemployment reserves commission which will administer the job insurance program.

A department of employment, with a director to supervise the insurance plan and take over the free state employment bureaus, will be formed when the new law becomes effective September 15.

The controller pointed out that the insurance program can be inaugurated without additional legislation if the state wishes to underwrite all costs without federal participation.

Bovine Treatment To Continue as Planned

SACRAMENTO, Sept. 5 —(UP)— Extension of the time limit governing expenditure of federal funds for eradication of bovine tuberculosis in California will enable the "orderly continuation" of the program, according to officials of the state department of agriculture.

Originally the $2,500,000 appropriated to California was to be spent before the end of the year.

"If the time had not been extended, it would have been necessary to conduct the work as rapidly as possible into new sections, regardless of marketing conditions for reactors," said Dr. C. U. Duckworth, chief of the division of animal industry.

"Now we will be able to continue in accordance with a definite planned program."

A division report revealed that the tuberculosis eradication work has been extended to Sacramento and Napa counties to bring the total to 37 counties, of which 24 are under regular federal-state cooperative work and 13 under the federal Jones-Connally plan. Six counties remain on the waiting list for federal testing.

Large Gain Shown In Athletic Contests

SACRAMENTO, Sept. 5—(UP)— July boxing and wrestling matches in California recorded the largest single gain in gate receipts and attendance of any month in the last four years, according to the state athletic commission.

Receipts increased more than 50 per cent from $5,856 to $8,996, the board reported. Attendance increased from 181,690 in July 1934, to 269,906 last month. Shows gained from 187 to 211 for the some period, the report stated.

Total receipts for the commission during the first seven months of the year were $68,427. The commission here collects 5 per cent of gate receipts.

Department Employes To Honor Constitution

SACRAMENTO, Sept. 5 —(UP)— All employes of the state department of military and veterans affairs have been urged by Director Thomas M. Foley to take an active part in observance of Constitution day, September 17.

That date will be the 148th anniversary of the signing of the United States constitution, and should be observed with fitting celebrations, Foley said.

An Argentine weather station will stand about 14,000 feet above the sea.

LEGAL NOTICE

Bids will be received until 5 p. m. Tuesday, September 24, 1935, for concreting basement floor and constructing additional window space for manuel training facilities in the Meadow Lake Union High School building per specifications on file at the Sierra Sun office. Contractor will be required to furnish bond 50 per cent of bid price. The Board reserves the right to reject any and all bids, which will be opened at the Board meeting, 7:30 p. m., September 24, 1935.

LOTTA BRYANT, Clerk
Meadow Lake Union High School Board.
